

Discover a World-Class Education with

REAP K12 Schools

College and Career Curriculum Package

REAP K12 Schools provides a world-class, flexible, and accessible education tailored to meet the needs of students worldwide. With four distinct delivery models, we bring excellence and opportunity to every learner.

For schools already accredited and recognized by their Government, REAP K12 Schools provides a Learning Management System (LMS) with a college preparatory and career technical curriculum designed to prepare students for college and career success.

Our Comprehensive Curriculum Package Combines:

- ✓ Rigorous college-prep courses for top university admissions
- ✓ Career technical education (CTE) programs for industry readiness
- ✓ Teacher training and curriculum support for seamless integration
- ✓ Hands-on learning experiences and skill-building projects

Did you know?

Many REAP K12 career pathways align with recognized certifications (like Adobe, Microsoft, and CompTIA), helping students build real life credentials while in high school, stand out in university applications or job markets, and transition into technical colleges or workforce training if they choose.

Students Receive

- Courses designed to align with U.S. college and career readiness standards.
- Exposure to in-demand skills like Business, IT, Health Sciences, and Engineering.
- A deeper understanding of future career options.
- Opportunities for certifications and projects aligned with industry standards.

Curriculum Includes

- K-12 College Preparatory Subjects (Math, Science, English, Social Studies)
- Authentic Online Science Labs (Grades 3-12)
- Career Technical Education (Engineering, Healthcare, IT/Digital Media, Agriculture, Business)

REAP K12 Provides

- Teacher Training
- Student Registration
- Technical Support for all programs
